**Step 4.** Give the following instructions for the Written Examination procedure:

- **You may bring your book and a monolingual dictionary (English to English only) to the written examination. If you have anything else in the book or the dictionary, such as summaries, notes, essays, or anything else that is not allowed, please remove them now because they will be checked.**
- **Switch off your mobile phones and put them away.**

**Step 5.** Check candidate IDs. DO NOT collect candidate record application forms (you must collect them during the Spoken Examination interviews).

**Step 6.** Check candidates' books and dictionaries and remove any unauthorized material.

**(Occasionally NAISA will require the centre to use a camera for video recording of the administration for quality assurance reasons. In such a case, follow the instructions in blue)**

**Step 7.** Prepare the camera, if provided by NAISA (Do not start recording yet).

**Step 8.** Give candidates the following explanation:

**(This camera will ONLY record the breaking and sealing of the tamperproof envelopes).**

- **As you can see, this envelope is sealed (*show it*). I am going to break it in front of you. I will ask one of you to sign Part 1 of the 'Written TIE Confirmation of Receipt Form' we will find inside the envelope. At the end of the written examination, the last candidate will remain inside the room in order to witness the sealing of the return envelope. Then, the two of us will sign Part 2 of 'Written TIE Confirmation of Receipt Form'.**

**Step 9.** Activate the camera and start recording, if applicable.

**Step 10.** State the 'Video Recording Wording' (See 'Video Recording Wording' document), if applicable.

- **Now, please open your booklets.**
- **On the left page - Writing Task 1, answer the given Topic. It is a form for you to complete by filling in your answers to the questions given.**
- **On the right page - Writing Task 2, choose ONE out of the two options. Please put a tick in the box  in front of the topic you choose to write about.**
- **For Writing Task 2, you should write a minimum of words depending on the level you want to achieve (A1 candidates should write approximately**

40-70 words, A2 students should write approximately 60-100 words and B1 students should write 90-150 words).

- If you do not have enough space for your writing, please **DO NOT** continue on the next page. Put an asterisk/star at the end of the page you are writing on and continue on the last page of the booklet. If you need extra paper to continue with your writing, raise your hand and I will give it you. If you use extra paper to continue with your writing, let me know when you hand in your booklet.
- Use blue or black pen only.
- Do not use correction fluid or tape. If you want to erase something, just draw a line and continue with your writing.
- You have 50 minutes. I will inform you 25 minutes and 10 minutes before the end of the Written Examination. Time starts now.
